

- 01 staircase
- 02 garage
- 03 storage

the uilding is located on an inclined plot and has two basement levels towards the crest and one towards the valley.

The bottom basement level houses the large garage area, while the upper basement (which is allready at ground level towards the street) has one large and several smaller rentable shops areas.

Above the shopping level a large roof garden is located as well as two seperate wings with flats. The top level of flats fit under the shed roof and they have large terraces facing the roof garden.

Budapest, Multif. building with food shop and flats
